

International Conference for Micro & Nanotechnologies for Biosciences
Montreux, Switzerland

Sponsoring contract - NanoBioTech-Montreux 2025

NanoBioTech-Montreux is a human-scale focused Conference at the frontiers of Micro- and Nano-technologies, with an emphasis on Biological, Chemical and Medical applications. It takes place every year, in mid-November in Montreux, Switzerland, since 1997, with an average of 120 participants.

The conference has attracted many of the best-known researchers in the field of nanobiotechnology. The conference is well known as an excellent place for discussing research trends with major players in the field.

The conference is organised by the NanoBioTech Association. As a not for profit organization the conference runs with minimal costs, allocating all revenues from registrations and sponsoring to the meeting. Sponsor funding will support the general organisation and catering, the costs related to invitation of high-profile keynote speakers, grants reduced registration fee to outstanding students and the poster awards.

Sponsors will receive acknowledgements of their support and will have:

- Their logo and presentation paragraph in the book of abstracts and on the website
- One free registration for the conference, for Gold and Silver sponsors
- The possibility to display one poster and to distribute literature in the poster area
- The possibility to brand a specific poster prize or invitation of one keynote speaker

☐ **Gold sponsor CHF 5'000**

☐ **Silver sponsor CHF 3'000**

☐ **Graphite sponsor CHF 2'000**
